Subject: NPL outreach - clarification of process?

Hi Rich and Chris,

There was some confusion during our staff meeting today regarding who would be doing what for the upcoming NPL listing of Bonita Peak and CFAC. Typically we've handled the local media, local officials and congressional notifications (which is just the local staffers) and just cc'd Sandy/Rebecca in the past.

Chris, for the congressional notices are you planning on sending out information to all the representatives? Would this also include State and local officials?

Rich, are you mainly forwarding out the national news release through Vocus and/or are you doing a Regional release as well? Will local media be included in the distribution?

Trying not to duplicate efforts and clear up some confusion. Robert in the Montana office is happy to do it all for CFAC but was unclear on the process. I historically know how it's been done but the world is upside down now☺ Bonita Peak I'm guessing is a whole different story.

Let me know. Thanks, Libby
